

# Install Opensips On Centos 6

The screenshot shows the OpenSIPS Control Panel interface for user management. The left sidebar contains navigation options: Users, ACL Management, Alias Management, User Management, and System. The main content area features a 'New User added!' form with fields for Username (tester1%), Domain (ANY), First Name, Last Name, and Email. Below the form are radio buttons for 'All Users', 'Online Users', and 'Offline Users', along with 'Search' and 'Show All' buttons. An 'Add New' button is positioned below the form. At the bottom, a table lists existing users with columns for Username, First Name, Last Name, Email, ACLs, Contacts, Alias, Group, Edit, and Delete. The table contains four rows of user data. The footer of the interface includes 'Page: 1' and 'Total Records: 4'. Copyright information for the OpenSIPS Project is visible at the very bottom.

Username	First Name	Last Name	Email	ACLs	Contacts	Alias	Group	Edit	Delete
tester10@opensips.org	First	Tester	tester@mail.com	6					
tester11@opensips.org	Second	Tester	tester11@mail.com	124					
tester12@sip.domain.com	Third	Tester	tester12@mail.com	0					
tester19@sip.domain.com	Forth	Tester	tester19@mail.com	0
